

## PM SAFETY TESTER

The Proofmaster PM19 HV-GB has been developed by Conectco and is available in two different models, the Safety Tester Desktop and Safety Tester Console. The Safety Tester Console can easily be moved. The Safety Tester characteristics are a data login, touch screen and exchange cartridge system. Because of the exchange cartridge system we can easily change the standard product into your own process or product. It also measures the test voltages up to 15kv and test currents up to 40A. It meets the standards: EN 61010-1, EN 60335-1, EN 60950-1, EN 60601-1, EN 60204-1 and can be supplied customized.

- **High voltage**
- **Ground Bound**
- **Up to 15kv**
- **Up to 40A**

### **Proofmaster PM19 HV -GB High Voltage and Ground Bound test**

Characteristics:

- Data login;
- Touch screen;
- Provided with exchange cartridge system;
- Test voltages till 15kv;
- Test current till 40A;
- Desktop or Console model (on wheels);
- Custom made.

Because of the exchange cartridge system we can easily change the standard product into your own process or product.

According standards: EN 61010-1, EN 60335-1, EN 60950-1, EN 60598-1  
EN 60601-1, EN 60204-1 and custom made.
